

# Michelangelo

Design: The Creative Group

Codice: Michelangelo

A new item designed for the living area to take all the equipment connected with home-entertainment. The drawers, running on metal rails that will bear the heaviest load, can be equipped with a CD / DVD rack also in solid wood. The two standard central drawers (also available with a glass front) have a tilt-out front giving easier access to the various electrical components inside (DVD player, decoder etc.) Available in all the woods and in a special version in scented cedar (in the picture).

Measures H. 60 cm. L. 285 - P. 60

All the articles illustrated in this catalogue are available in as many as our different types of wood certified American plantation: cherry, maple, oak and walnut. On request teak, cedarwood and larch can also be supplied. The finish is obtained applying our traditional treatment using vegetable oil, materials that do not damage health and help bring out the beauty of the wood grain with all its natural splendour. Variation in colour should be

#### Maintenance Kit:

The finish is obtained applying our traditional treatment using wax and natural oils, materials that do not damage health and help bring out the beauty of the wood grain with all its natural splendour.

The variety of colour tones in the wood is one of its qualities, indicating that it is a natural material without colourants or artificial additives.

Furthermore, every product is supplied with a maintenance kit and a product chart certifying its technical characteristics and its origin as a product "made in Italy".

Product maintenance must always be carried out using exclusively the kit supplied and avoiding harsh or abrasive materials. Wood is a living material and our trademark finish of vegetable oil and beeswax helps the wood to "breathe" and to "move" naturally.

It is easy to look after RIVA 1920's wooden furniture: just restore the finish using our maintenance kit whenever necessary.

As distinct from furniture treated with chemical-based coatings, the finish of our furniture can be regenerated even after years or long periods of disuse, restoring it to its original look.
